Re: Calvin Hirsch, M.D.  
Control #: 800-2020-073226

Dear Ann Olivares:

This is to advise you the Medical Board of California (Board) has completed its review of the complaint you filed against Dr. Hirsch as indicted in our letter dated May 25, 2021, and your most recent correspondence dated August 05, 2021.

As a licensing agency, the Board has the authority to enforce the provisions of the Medical Practice Act within the California Business and Professions Code, however, the primary focus of our review is to determine whether sufficient cause for concern exists to warrant pursuing a formal investigation based on the circumstances presented in the complaint. A formal investigation is undertaken when it appears that a significant departure from the standard of practice of medicine may have occurred which, if proven, would indicate that the physician's license to practice medicine should be subject to discipline. Discipline could include a letter of reprimand, suspension, revocation, or placing the physician's license on probation.

We have had an opportunity to review the issues raised in your complaint to assess whether a possible violation of the Medical Practice Act has occurred. Based on the information provided, it was determined that further investigation would not result in disciplinary action being taken against Dr. Hirsch's license. As such, no further review of your complaint will be conducted, and this file will remain closed.

Thank you for contacting the Medical Board of California. We regret we are unable to be of further assistance at this time.

Sincerely,

Ramona Carrasco
